

I have lived in Northumberland my whole life. I grew up playing minor hockey here. I have been lucky to have coached for close to 20 years in minor hockey with the CCHL and NMHA. I was a member of the amalgamation committee. I have held previous positions on the NMHA executive. My son has played in the NMHA since the amalgamation is currently in Minor Midget.

I look forward to being a part of the upcoming executive to assist in making sure our kids continue to have fun and passion for a game I have loved for so many years.
