

My name is Jennifer Lean-Gadbois, I have a son who started with NMHA at 7 years old. Since that time he has had an opportunity to play house league, select and both rep levels. Through this I was given an opportunity to manage teams from each level which gave me an opportunity to understand how the association works at each level. This also allowed me to gain a better perspective into all the roles and responsibilities within the association as well as a greater appreciation for the time and effort people put forward to make everything happen.

I have had years of experience working in a board of director run non profit organization. I have chosen to accept the nominations to assist the NMHA and volunteer for a position. I am good with people, have the ability to listen to others points of view, challenge/question when needed, stay objective, be accountable and do what's best for the whole association and its members.
