

I have served on the NMHA Executive for several seasons as the Communications Officer. Prior to this, I was the Chair of Parent Council at The Burnham School for 8 years.

I am the Mom to three children. Both my boys are Midget aged Nighthawks, and my 12 year old daughter stays as far away from hockey as she can. Having children this age makes me seem quite old - I assure you that I am much younger than the math would lead you to believe.

Those who know me, know that I am passionate about communicating! I appreciate that the interworking of organizations can seem confusing and overwhelming. I want to be able to simplify many of our processes for our members, make sure that everyone remains in the loop about things that are happening and celebrate all of our Nighthawk successes.

This is definitely a busy and challenging position, but by far, it is the most fun of them all and I am honoured to have been trusted by our membership to fulfill it.

Looking forward to another season of stories, shout outs, updates and answering all of your friendly emails!
